## **Introduction**

The Platt Tech Athletic Department would like to extend an invitation to all students to participate in the many interscholastic athletic programs offered.

The material presented in this handbook contains information pertinent to policies, rules, and regulations of the State Board of Education, the CIAC and the Platt Tech Athletic Department.

The Platt Tech Athletic Department and the CTECS is concerned with the educational development of students and feels that a properly controlled, well organized sports program will meet the students need for self-expression, mental alertness and physical growth.

Athletes are selected for varsity, junior varsity and freshmen teams based on their demonstrated abilities. The numerous programs are designed to accommodate as many students as possible. Unfortunately, deleting or "cutting" athletes from certain programs may be necessary due to various constraints.

Students who choose to participate in athletics are making a choice that requires self-discipline and full commitment. For this reason, we place a strong emphasis on good training habits. Failure to comply with the rules of training could affect an athlete's performance and contribution to the team. Students who do not adhere to these rules will be jeopardizing their participation in the program. They should be aware that involvement in athletics is a privilege, not a right.

Student athletes are role models for others and leaders within our schools, and should constantly remember to set good examples for others.

## **PHILOSOPHY**

The CTECS Interscholastic program provides a variety of experiences to aid in the development of positive attitudes and habits in student-athletes that will assist them in their adult lives. The interscholastic program shall be conducted in accordance with existing Board of Education, CIAC policies, rules and regulation. CTECS encourages good sportsmanship and positive mental health. A comprehensive and balanced athletic program is an integral part of the total educational experience of students.

## **MISSION STATEMENT**

It is the mission of the Platt Technical High School Athletic Program to provide an opportunity for all students to participate in athletics, as well as grow physically, socially, and emotionally through participation in competitive, interscholastic athletics.

In meeting the Athletic Department Mission, the athletic staff believes that participation in athletics...

- Enhances the development of positive, student habits/attitudes.
- Provides life-long lessons through sportsmanship, teamwork, camaraderie, adversity, competition, and winning/losing gracefully.
- Teaches responsibility.
- Improves one's self-concept.
- Develops leadership skills.
- Builds character.

## **DESCRIPTION OF PROGRAMS**

Varsity Athletics are for the athletes that indicate the most skill of those that have tried out for the team. They will have the opportunity to compete against equally talented athletes from opposing schools. The purpose of varsity athletics is to refine the skills of the team in an attempt to provide the school with the best win-loss record possible.

Junior Varsity & Freshman Athletics programs offer students, who do not yet possess the skills required of varsity athletes, an opportunity to participate in a competitive setting. Junior varsity and freshman athletes are in the process of gaining valuable knowledge, skills and experience required for competition at the varsity level.

## **ELIGIBILITY (CIAC and CTECS)**

#### **CONTACTING ATHLETIC DEPARTMENT PERSONNEL**

Parents with concerns, questions, complaints or appeals can often avoid a great deal of frustration by following the protocol below. Here is how we ask you to seek out assistance for an issue related to athletics.

Please utilize the following procedure when you have a need to contact athletic personnel (coaches, athletic directors, school administration)

1. **Talk to your athlete first.** Perhaps what you see as an issue is not an issue to them. They may be able to shed some light on the situation.

3. **Contact the Athletic Director** if necessary.
4. If no resolution is reached at this point, then it would be fair to contact school administration (principal, vice principal).

#### **FINDING OUT MORE INFORMATION**
