

PLATT TECH HIGH SCHOOL

600 Orange Avenue, Milford, CT 06461

(203)783-5300

<https://platt.cttech.org>

Platt Technical High School is a regional high school, offering students from multiple towns a technical and college preparatory curriculum. Students earn both a CT High School Diploma and a certificate or licensure in a specific trade technology. Students spend one-half of their time in the trade and one-half of their time in academics.

EXPLORATORY

The 9th grade exploratory program is designed to help students make informed career choices. It allows students to assess interests, aptitudes, and skills as they sample trades prior to making a final selection. Students explore 12 trades in Phase I, visit their top 3 trades in phase II, and select a final trade in Phase III. *Trade selection is not guaranteed.*

SPORTS/ACTIVITIES

Work Based Learning
Nat. Honor Society
Diversity Team
Skills USA
